PETITIONING THE COURT

To issue a summons.

On February 24, 2025, a probation officer met with Mr. Barnes and reviewed the conditions of supervision as outlined in the judgment. Mr. Barnes indicated he understood the conditions of supervision, signed the judgment, and was provided with a copy of the document.

The probation officer believes that the offender has violated the following conditions of supervision:

Violation Number Nature of Noncompliance

1 **Special Condition #4:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than six tests per month, in order to confirm continued abstinence from these substances

Supporting Evidence: Mr. Barnes is considered to be in violation of his supervised release by consuming methamphetamine or on about April 7, 2025.

On April 7, 2025, Mr. Barnes reported to Triumph Treatment Services (Triumph) for a random drug test, and the sample was sent to the laboratory for testing. On April 14, 2025, probation received a laboratory report showing positive results for the presence of methamphetamine and amphetamine. Also, the results showed the sample was dilute and did not test positive for the presence of suboxone, which Mr. Barnes has been taking as part of his medically assisted treatment.
